TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropico, California, and devoted to the best-interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of arch 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

TROPICO

If we were to take an inventory of Tropico's advantages at the beginning of the new year 1917, what would they include and where would we begin?

It seems to the Sentinel that such a stock taking should begin with its citizenship made up for the most part of that sturdy middle class, neither rich nor poor, which is the bulwark of the American commonwealth. Then perhaps we would take up Tropico's environment, her delightful climate, near enough to the mountains to escape most of the ocean fog, and yet near enough to the Pacific for the sea to temper the summer heat. We would include a lovely vista of mountain and foothill, and a charming mosaic of beautiful gardens surrounding the home of Tropico citizens, whose artistic taste has led them to build dwellings which fit the setting so well that it is practically impossible to find an ugly house within her borders.

Then of course we would mention the sweet mountain water which flows from the pipes that supply the city, and the title to which we hope Tropico will acquire some day.

TROPICO Interurban SENTINEL

The two beautifully lighted Boulevards, Brand and San Fernando, are well paved and so are most of the city's streets, some twenty miles of thoroughfares.

We have excellent schools, three prosperous churches worshipping in edifices which they own practically free of incumbrance. We have a drug store, a hardware establishment, two bakeries, several groceries and markets and general stores carrying stocks adequate to supply the needs of a much larger town, and we have two busy factories which give employment to men and women who are willing to work with their hands. To meet the social, civic, and fraternal needs of men and women we have a full quota of clubs and lodges.

To the outsider looking at Tropico with an unprejudiced, appraising eye, she has within herself every advantage for which a town could ask. When to these civic assets we add the fact that she is a little sister to Los Angeles clinging to the skirts of the big municipality and able because of her close kinship to share in large measure her opportunities and pleasures, we make a showing which arrests attention. What real occasion has any citizen of our little city for discontent?

And few are really discontented with the town that to them spells home and neighbors, yet such is the urge of the American heart it must ever be up and doing, ever seeking completion and perfection; and so with the opening of the new year we find our P. T. Associations planning to renovate our Cerritos school house, and discussions in progress relative to acquiring public utilities, the control of flood waters, the extension of street improvement and city conveniences to all sections. These are the healthy signs of progress, the proof that Tropico is alive and growing.

It is cheering to hear that many of the large corporations doing business in Southern California who have taken time to compare their holiday trade for 1916 with that of 1915, are able to report increases of 15 to 25 per cent, an indication of prosperity which can not be discounted or explained away when we note the additional fact that many of these corporations have voluntarily shared the prosperity with their employes either by the distribution of Christmas bonuses or

by an advance of wages.

In his great picture drama, "Intolerance," Mr. Griffith seems to have been able to convince himself and a good many others that civilization is merely a cycle; that what is always has been and always will be, that any preachments about the betterment of the world or any uplift movement is but the hypocritical effort of one class to exploit another class for its own entertainment or advantage. It is a cynical philosophy and it is certainly pleasanter to believe in a growing brotherhood and an awakening public conscience; to say with Tennyson:

"Yet I doubt not through the ages

One increasing purpose runs,
And the thoughts of men are widened
With the process of the suns."

The Munson Drug Store in Glendale was sold last Saturday to A. G. Spohr of Pasadena.

BANK MEETING

The annual meeting of the Stockholders of the First National Bank of Tropico, Tropico, California, will be held in its banking room on the 9th day of January, 1917, at 3 o'clock, P. M., for the purpose of electing directors for the ensuing year.

JOHN A. LOGAN,
Cashier.

WANTED—Washing to do at home and general housework by the day or hour. Call Glendale 913-R.

PROCEEDINGS OF BOARD OF TRUSTEES

All members of the Board were present when called to order by President Peters.

Street Excavation

A letter from the Title Guarantee and Trust Company (Water Dept.) was read by the City Clerk in which any intention of slighting the work of replacing city streets after excavations was disclaimed; also asking for a permit for excavation on Central between Paloma and Park. The permit was granted.

Trustee Alspach suggested that the gas and water companies be required to make a substantial deposit in connection with permit as a guarantee of satisfactory replacement, the deposit to be refunded when the replacement was pronounced satisfactory by the city engineer. This was considered impractical by Trustee Henry and no action was taken. Mr. Alspach also declared that in making such replacements the companies should first put in a concrete base and complete with broken stone and oil finish.

Low Electric Rates

A letter from C. W. Coiner, a Pasadena official, was read in which the low rates voluntarily made by the Pacific Light and Power Company for electric current in competition with the municipal plant were quoted with the suggestion that Tropico demand the same rates made voluntarily elsewhere. Ordered placed on file.

Gas Extensions

City Attorney Shaw reported relative to the gas extension problem a situation complicated between law and fact. The ordinance under which a franchise was granted the company in 1913 does not require them to make any extension of mains but it does contain a provision that the system must be completed within three years. The attorney thought any consumer on Green street could maintain an action to compel the company to extend the gas mains to him if a "reasonable" distance, under the latest decisions of the courts. Mr. Alspach suggested that consumers refer the matter to the Railway Commission, but the attorney expressed the opinion that the city would have jurisdiction

rather than the Railway Commission. In the end a resolution was passed naming next Tuesday evening for an investigation of the matter of requiring the Southern California Gas Company to extend its main on Green street to a point 500 feet east of Hill street and that the company be notified and requested to attend the hearing.

Hill Street

Engineer Wattles reported that the rough grading and the fill on Hill street is practically completed, that the bulkheads are in good shape, and about 200 feet of cast iron 4-inch water pipe is on the ground ready for laying.

Street Naming

Mr. Wattles also submitted a list of proposed changes in street names to legalize them and prevent confusion. Many streets bear one name in one section of the city and another name a mile or two further on. The Board went over the proposed changes and agreed to the wisdom of most of them, but action was deferred until the next meeting.

Victor Court Renovated

Health Officer Mabry reported the Victor Court nuisance complained of, cleaned up in accordance with the ordinance and premises in sanitary condition. Relative to the private dairy applications he was not ready to report.

Kennel Ordinance

On motion of Henry the Kennel Ordinance regulating the size and location of kennels was passed.

Motorcycle

On motion of Henry the Board voted to purchase a motorcycle for the use of the City Marshal, Seal voting no. President Peters and City Marshal Gould were made a committee to select the machine.

Brand Boulevard Traffic

Trustee Alspach spoke strongly in regard to the danger to pedestrians from the unregulated traffic on Brand Boulevard and the use of both sides of the Boulevard by autos going in both directions. Trustee Henry supported his motion that the City Attorney be instructed to draft an ordinance requiring traffic going north to take the east side of the Boulevard, and traffic going south to take the west side. When put to vote the motion was lost. A subsequent motion by Seal to place signs at either end of the Boulevard and at crossings directing traffic, was carried.

The Board then adjourned.

OKLAHOMA NEWS

Okmulgee, Okla. 12-22-16.

Dear Sentinel:—

Well it has come at last; I mean the weather. The kind they never have here, so they say. I mean the cheerful liars like we have in California who are always ready with every spell of bad weather to announce it never happened before in the memory of the oldest inhabitant. One week ago yesterday the music started and brought the weather with it. We woke up in the morning with about four inches of snow and about 5000 inches of weather; 7 above zero and wind that blew it clear through you at the rate of a mile a minute. The day before it was 70 above. Gee, but it made one feel like no place would be too warm for him, not even in the next world. I have been told by seemingly reliable people here that this is the greatest place on earth to make money. They say people go to bed poor and wake up millionaires. Well, I have been trying for over two months but in my case it don't work worth a cent. When I wake up in the morning I find myself just a little bit poorer than the day before. I have been looking for a snap ever since I have been here and the only thing I have seen in the papers or out, which appealed to me as a snap, was an item in the Sentinel which offers the Sentinel and four other publications for \$1.25. So I grab at it. Here is a check for \$1.25. Put me on your list from January 1st.

D. O. MARTIN.

CHRISTMAS ENTERTAINMENT

The Christmas entertainment of the Presbyterian church Friday night was a novelty in Christmas festivities for that church. There was no tree and at the close of the service in celebration of the Christ Child, the white gift offering which was to make a Merry Christmas for the needy children who would not otherwise be remembered, were brought to the altar.

The program opened with "Holy Night" beautifully sung by Mr. and Mrs. Stewart, who had charge of the music. Then there were choruses by the little girls of the infant classes, very sweetly sung. Christmas stories were told by Miss Brown and by Miss Duncan, the choir furnished a beautiful Christmas anthem, and two numbers were contributed by the Mendelssohn Quintette, composed of Mesdames Payne, Adams, Bullis and Van Etten, and Miss Bacon.

Rev. O. P. Rider affectingly referred to the sufferings on the war fields of Europe and in Syria where natives are dying of starvation, and said that the gifts in money brought to the altar by the various classes, would be consecrated to the relief of some of that suffering and be dispensed through the regular channels of the Presbyterian organization. One dollar, he said, would support a Syrian child for a month. The Tropico church has already contributed \$100 for this missionary work.

The church was beautifully decorated in white and green with a shining star above the choir.

About forty members assembled for the regular K. P. meeting last week in the new quarters on Brand Boulevard. Three applicants were admitted to membership and two more applications received. Rank work will begin with the second week in January with a class of seven or more.

The next meeting, January 5th, will be a joint installation of officers of the Lodge and of the Pythian Sisters.

Last Sunday Mrs. George Henry on San Fernando Boulevard entertained at dinner Mr. and Mrs. Winchell Henry, Mr. and Mrs. Stewart Whitten and Mr. and Mrs. Henry Webb, all of Glendale and Tropico and Mr. and Mrs. Charles Smith and son of Hollywood at a Christmas dinner. Christmas decorations embellished the feast.

Mrs. Elizabeth Lowry and Mr. and Mrs. T. J. DeWitt and children of Tropico were Christmas dinner guests of Mr. and Mrs. Charles E. Harlan of 943 Mariposa street.

Donald Packer has returned from the University at Berkeley to spend the holidays with his parents, Mr. and Mrs. Stephen Packer of Riverdale Drive.

LARSEN CLAIM SETTLED

At an adjourned meeting of the Board of City Trustees held Wednesday evening of last week, a contract was executed which had been signed by Mrs. Lelah Larsen whereby the Trustees agreed to pay her \$400 in two warrants of \$200 each, in full of her claim against the city in the matter of street assessment, for which she claimed a rebate in consideration of a deed to a strip of land required for the extension of Adams street. Mrs. Larsen's original claim amounted to something like \$1700 which the Board was unwilling to consider. The present settlement is a reasonable price for the land deeded for street purposes by Mrs. Larsen, and is an excellent adjustment of the matter for the city.

TROPICO BRICK

The Pacific Tile Works has begun the manufacture of another product, viz., vitrified brick, the first installment of which will come out of the kilns the latter part of the week. This department will be under the supervision of Mr. George C. Little who has had about thirty years' experience in this line and is one of the best brick makers on the Coast. Mr. Balch, manager of the works, says there is a steady demand for paving brick. He anticipates that the new departure will necessitate the employment of about a dozen more men early in the year.

Mr. Balch also stated that the company is about to open its tale mines in Death's Valley.

TELEPHONE CO. AS SANTA

Glendale employes of the Pacific Telephone and Telegraph Company were handsomely remembered by the company this year which bestowed Christmas presents based on service. All who have been with the company one year received checks for three weeks' pay and all who have been employed three months, checks for two week's pay.

Mrs. Frank I. Marsh was hostess at a small dinner party last Friday, her guest list including Mr. and Mrs. Marion Banker, Jack and Marjorie Banker and Marjorie Imbler.

THURSDAY CLUB CHRISTMAS

The Thursday Afternoon Club was indebted to Mrs. H. A. Goodwin, chairman for the day, for a beautiful Christmas program and party. It was children's day, as well as club day and each member brought a small guest. These little people were grouped in front of their elders and gazed in expectation at the shining tree glittering with lights and ornaments which made a beauty spot in one corner of the platform.

It was a musical program except for the charming Christmas recitations furnished by Mrs. Evans, whose first number (a sweet little love story) was entitled Christmas Greens, her encore being the ever delightful "Night Before Christmas" which was warmly applauded by her child auditors. The musical contributions included a piano solo (Faust) by Mrs. Fry, "Holy Night," solo by Miss Lanterman, accompanied upon the piano by Miss Lulu Lanterman, and two violin solos exquisitely played by Mr. Lowenski, one a "Romance" by Svendsen, the other Beethoven's beautiful Minuet in G.

After all this had been enjoyed the real party for which the boys and girls had patiently waited, was heralded by Mrs. Virden who told the children she had been immensely astonished that morning to receive a visit from Mrs. Santa Claus who explained that by Santa's request she would come to the party in his stead as he was too busy to come himself. Just then there was a rap upon the door and Mrs. Santa entered dressed in a beautiful red coat with ermine trimmings and a fancy little red and white bonnet with strings under her chin. The children greeted her with enthusiasm and she explained how Santa had asked her at breakfast if she would try to find the City Hall in Tropic and take his place at the Christmas party of those good little boys and girls in Tropic, so there she was, very pretty in her red and white garments but very capable too in Santa Claus ways for presently she had Miss Richardson and Miss Virden helping her to take the gifts from the tree and pass them to the bright eyed little guests. After all had received their stockings of goodies, their apples and oranges, the mothers gathered around the table in the rear of the room where toothsome sandwiches were piled high and where

Mrs. Davenport and Mrs. J. Herbert Smith poured perfectly delicious coffee which Mrs. Goodwin had given from a store brought to her from far off Colombia by her brother, who has just returned from a tour around the world.

The Club Cook Book, which Mrs. Virden has so long struggled to publish, was there on sale and much admired. The Club voiced its appreciation by giving a vote of thanks to Mrs. Virden and Mr. Oliver.

INSTALLATION CEREMONIES

The installation of recently elected officers of Unity Lodge will take place at Masonic Temple, Glendale, Tuesday evening, January 2nd. Edward B. Spencer, of Los Angeles will be the installing officer. A banquet will follow the ceremonies. The new officers are: William F. Nash Jr., worshipful master; Jordan S. Neel, senior warden; Roy W. Masters, junior warden; Frank H. Vesper, treasurer; Alphonso W. Tower, secretary; C. Ben Wilde, senior deacon; Frederick Baker, junior deacon; Henry P. Goodwin, senior steward; Henry H. Tisdale, junior steward; Rev. C. Irving Mills, chaplain; Roy Virgil Hogue, marshal; Charles H. Ravenscroft, tyler.

CHILDREN'S PARTY

The children's party of the Tuesday club, which is an annual affair, took place Tuesday afternoon. A delightful program calculated to please the small guests included Christmas songs by children, fancy dancing by little Edith Lindsay of Hollywood and Christmas stories told by Mrs. Danford. There was a Christmas tree but no presents were distributed. Instead the children brought gifts for other boys and girls more in need of them.

Last week Wednesday evening there was a Christmas party at the school house on San Fernando Road which was enjoyed by about thirty young people. Mrs. Chadwick was the chaperone and a victrola furnished music for dancing.

Gasoline is getting to be as tempting as jewels. Friday night an attempt was made to break into the gasoline tank of H. L. Jennings on West Tropic avenue while Mr. Heald's stock was unmolested.

LOCAL HAPPENINGS

Happy New Year to All Readers

F. H. Llewellyn of Concord, Tenn., was the guest last week of his niece, Mrs. Clyde Seal.

Mrs. Phillips, mother of Charles Phillips of San Fernando Boulevard and her son, also Mrs. Winton and her son Herbert, were Christmas guests at the Phillips home.

C. P. Brown and wife, from Hutchinson, Kansas, are guests at the home of H. W. Augustus on Tropico avenue. Mr. Brown is a brother of Mrs. Augustus. They came overland by auto. Another brother, Thomas Brown of Sacramento was a guest last week.

The Band Boys are running opposition to Venice and having a dance New Year's eve in Yeoman Hall on San Fernando Road.

Mrs. Harriett Barry, publisher of the Woman's Bulletin, and past president of the Woman's City club, will be the speaker at the next meeting of the Thursday Afternoon club.

Dr. Jessie Russell has had little leisure since she returned from New Mexico. As the representative of the Woman's Legislative Council of California, she addressed a conference of legislators held in Los Angeles last Friday. She is helping to promote the establishment of a government agricultural school at Riverside.

Last Friday night Mrs. Ella Richardson entertained at her home on Central avenue and Riverdale Drive, city trustees of Glendale and their wives, officials of the Glendale Chamber of Commerce, officers of the Tuesday club and their husbands. It was quite an informal affair for the purpose of promoting fellowship and cooperation in civic work.

Mr. Henry Sackrider, brother of Mrs. H. R. Goodwin, has been a holiday guest at her home. He recently returned from a trip around the world and among other gifts brought her 50 pounds of coffee from Colombia, which she generously shared with the club at its Christmas meeting the program of which was in her charge. It was a delicious beverage and Mrs. Goodwin was more generous than most coffee lovers would have been, in giving club members a chance to taste it.

Mrs. Elizabeth Sanford will spend the holiday vacation with her aunt Mrs. Alexander on Blanche avenue. The Alexanders and their guests spent Christmas with friends in San Gabriel.

Irene Rich is spending the holidays with her sister, Mrs. Miller in Los Angeles.

The Merritt Ludden family spent three days including Christmas at the home of Mr. Ludden's sister in Ontario.

Mrs. Frank Davis of Venice, a former resident of Tropico, visited friends here last Friday.

Rev. O. P. Rider and family were Christmas guests at the home of C. E. Brown on Blanche avenue.

Mrs. Harry Bowman and little daughter Catherine, leave for Calexico December 23rd to join Mr. Bowman, who is doing custom house inspection work on the Mexican border where a great deal of smuggling of one sort or another is going on. He expects to be kept there for some time, but eventually to be returned to Los Angeles.

Mrs. Eudemiller, a former resident of Tropico, is having a holiday. She recently sold her millinery business in Glendale and now is free to ride around in the handsome new auto bought with insurance money collected after the theft of her former machine.

The Home Missionary Society of the Tropico M. E. church met with Mrs. Tisdale on Paloma, Tuesday afternoon.

Last Friday evening the Yeomen christened their new piano, their new dishes and other furnishings at a Carnival Dance at Yeomen Hall on San Fernando Road. About one hundred attended and had a royal good time, as the shouts and laughter which floated out on the evening air and the spirited playing of the orchestra testified without ocular demonstration. Christmas decorations, made festive the banquet hall where coffee and sandwiches furnished an appreciated refreshment to the enthusiastic dancers.

The new church edifice of the First Church of Christ, Scientist of Glendale, Cal., will be dedicated Sunday, December 31st by special services at 11 a. m., and 3 p. m. The church is at the corner of Second and Maryland avenue and the public is cordially invited to attend.

ARE YOU OVER 60?

If so, telephone your name and address to Miss Dora Hewitt, 671 Gardena avenue, Home 3043 or to Miss Norma Wallace, 144 West Tropico avenue, Glendale 264-W, for particulars. The Junior League have a good time in store for all old people in Tropico on Friday, December 29. Autos will call for all unable to walk.

CHRISTMAS ENTERTAINMENTS

On account of the bad weather which kept children from attendance last Sunday evening, the Christmas tree and treat of the Church of the Brethren on Glendale avenue was postponed until next Sunday when it will doubtless be as greatly enjoyed.

For the same reason the Christmas entertainment of the Tropico Methodist church was postponed until next Sunday evening. A tree has been provided on which will be hung the Christmas treats in the shape of candy, popcorn, etc., but the scholars will not receive presents. Instead they will bring them for others. All classes will participate in the entertainment and the choir will sing a couple of anthems.

Rev. William Stutzman, a former resident of Tropico has returned and expects to locate permanently here or in Glendale. He will have charge of the preaching services at the Church of the Brethren next Sunday evening.

One of the most elaborate social affairs of the holidays was the fancy dress masquerade party given at the Keller School of Dancing by Mrs. Keller last Friday to forty of her pupils. There was a beautiful tree with gifts for all, and the guests had an altogether delightful time.

Many of the younger set of Tropico's social circle, who are students in Union High were guests at a large dancing party given last Saturday evening by Miss Catherine Lord at the home of her parents, 127 North Brand Boulevard, Glendale.

Christmas night Miss Ethel Baker and her brother Roger entertained a party of young people which included Beatrice Gile, Blanche Cramer, Irene Mauk, Edna Phillips, Will Marple, Charles Klams, Allen Saunders and Francis Millard. The guests came early and enjoyed themselves with the victrola which was one of the Christmas gifts of Miss Baker. After a supper had been served, lights were turned off and the guests disposed themselves comfortably before a big open fire and told stories of personal experiences.

Miss Grace Lewis who has been a member of the cabinet of the Ep-

worth League, member of the choir and a teacher of a primary class in the Methodist Sunday school, left last Friday for her home in Hopkins, Mo., after having completed a normal course in Southern California. She was the surprised guest of honor about a week ago at a supper attended by the Epworth League which presented her with a League pin, and spent a portion of the evening preparing letters to be read by her enroute for her new home. She has been so active and efficient in church work that she will be greatly missed.

William Hewett surprised and delighted his family by returning from Atascadero the 26th.

Mr. and Mrs. Charles L. Peckham of Glendale were host and hostess at a Christmas party for the Chandler family, Mr. and Mrs. C. C. Chandler of Cypress avenue, being guests of honor. Children and grand-children and great grand-children to the number of thirty were entertained.

Rev. Eshelman of Blanche avenue will spend Thursday and Friday of this week in Lordsburg.

Rev. Henry Goodsill and Rev. J. H. Henry are responsible for supplying the pulpit of Rev. Don Ford during his absence. His parishoners are having good reports from him and some of them have received quail.

POULTRY ASSOCIATION

At the regular monthly meeting of the Glendale-Tropico Poultry Association held in the City Hall in Glendale the name of the organization was changed to the Glendale Poultry Association and new officers were elected. Dr. G. Irwin Royce was unanimously nominated to succeed himself as President but declared he did not feel equal to the responsibility and declined the nomination. A. P. McDonnell was then elected president, W. W. Stofft, 1st vice.; Dr. J. F. McArthur, 2nd vice.; C. E. Battey, secretary-treasurer; Irving H. Oliver, auditor; Dr. G. Irwin Royce, chairman of Executive Committee; other members being: Cromwell Galpin, H. L. Gill, E. E. Emerson, H. W. Wood, A. B. Pierce, L. T. Lyan, J. Walter Elliott and R. J. Davis.

INSTANT ACTION SURPRISES MANY HERE

This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL astonished me with it's INSTANT action." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. —Edwin Virden.

OAK DRIVE FIRE

Misfortune befell those who could ill afford the loss when the home of Mrs. White of Columbus and Oak Drive burned to the ground Friday noon. It was a two-room California house with shed attachment in which was a gas stove which exploded. An alarm was immediately turned in but the flimsy structure was practically consumed by the time the engine reached the spot though all speed had been used. All household effects were lost. Mrs. White is 87 years of age and recently lost a son. Her daughter, who lives with her, is a widow with one child and both are suffering from whooping cough. Their income has been limited to \$5 a week.

Kind neighbors on Oak Drive gave them shelter, but they are in sad plight and it was not a Merry Christmas for them.

RADIO CLUB

An organization to promote interest in wireless telegraphy and the efficiency of operators was organized last week at the home of Hubert Woods with 25 charter members, all of whom are amateur wireless operators. It is called the Glendale Radio Club. Officers are: Hubert Woods, president; Daniel Campbell, recording secretary; James Kilgore, corresponding secretary; Ronald Greenwait, Treasurer.

Mr. Merritt Ludden has been drawn for grand jury service for 1917.

The faculty of Union High were guests at a surprise Christmas luncheon the last Friday afternoon of the school week. It was given by Miss Hansen, teacher of domestic science and her pupils. The refreshments were decidedly fancy, a conspicuous feature being an ice cream Santa Claus in characteristic red and white coloring.

A meeting of the legislative body of the School was held Thursday at 12:10 o'clock. Herbert Schenuer presiding. A committee was appointed to make seating arrangements for the auditorium which would put classes together during assemblies. Another committee was appointed to assist Mr. Ferguson in preparations for the annual vaudeville to be given in February.

Miss Fisher, teacher of physiology, excused her class from recitation Friday and chaperoned them on a little outing in Sycamore Canyon.

Mr. Barager of 608 West Broadway, Glendale, last week sold his furniture store to J. F. Hardin of Eagle Rock, who is increasing the stock and adding a full line of granite ware and household necessities to meet the needs of the large trade he expects to build up.

Mrs. C. H. Eudemiller, a former resident of Tropicco has sold her millinery establishment in Glendale to Mrs. Grace S. Yarborough of Maryland avenue, that city. Mrs. Yarborough's experience in eastern cities is a guarantee that the high standard of excellence set by Mrs. Eudemiller will be maintained.

N. Makagawa secured a building permit and has clapboarded his market place on Tropicco avenue. He has recently purchased a Ford auto.

Members of the Kensington club give enthusiastic reports of the very interesting demonstration and lecture on the curative values of foods by Prof. and Mrs. Plunkett at their meeting last week.

The Philathea Class of the Presbyterian church will make a Christmas gift to the building fund of their ten per cent cash proceeds of the Special Sale at the Tropicco Hardware Store, Thursday.

TERRIBLE ACCIDENT

A terrible accident in which an Eagle Rock Electric car ran down an automobile containing J. M. Burton, his wife and two daughters at the boulevard crossing at Glassell Park, was witnessed by Mr. and Mrs. Wright of the Mission Hospital last Friday evening. One daughter was instantly killed. They were taken to the Receiving Hospital in Los Angeles where the second daughter died. At this writing the mother survives though her injuries are very serious. Mr. Burton suffered a slight concussion of the brain but is expected to be all right in a few days.

It is a dangerous crossing and it is charged that the electric cars pass that point at too high a rate of speed.

J. M. Burton was the former manager of the Montrose car line. He and his family were on their way home from a shopping expedition. Mrs. Wright says it was a pitiful sight to see the young girl lying dead by the highway with her Christmas packages in her arms.

A fatal accident occurred at the same place last week when Serafina Bianca, an Italian driving a load of hay was struck by an Eagle Rock car and so injured that he died at the Mission Hospital a few days later.

Funeral services over the remains of Zelma and Emma Lee Burton, the two daughters, were held Wednesday afternoon at the Presbyterian church in Glendale, Rev. W. E. Edmonds officiating, and interment was made in Forest Lawn cemetery. Mr. and Mrs. Burton are at the Thompson hospital in Burbank. Mrs. Burton has a broken pelvis bone and internal injuries and Mr. Burton a fracture of the skull. Their recovery is considered doubtful.

The Motsch Store on Park and Brand was broken into Friday night. Seven dollars in cash was taken and a stock of candy and cigarettes, just how much, had not been ascertained at this writing.

Mr. and Mrs. J. Herbert Smith had as Christmas guests, Mr. and Mrs. Wilfred H. Weller of Los Angeles, Mr. and Mrs. Orin A. Gallup and daughter Jessie of Tropic, and Mrs. Ray Gallup of Little Rock.

Mr. W. C. Cutler, who has recently become a resident of Glendale has a collection of unusual interest. They are curios but not of the ordinary sort. He is an inventor and at his home are to be seen many curious devices which he has worked out, patented and in most cases sold to manufacturers. He is credited with the production of sixty-four inventions. One of the most unique is the automatic directory, a well mounted dial lettered with a series of titles likely to be called for. If the inquirer is seeking information about Los Angeles for instance, by turning the "hand" to Los Angeles a sheet directory is made to rise on which will be found names and addresses of important business houses in that city. Mr. Cutler has specialized by making directories for all kinds of business, as for instance automobiles. The patents have been purchased by a New York concern which pays him a royalty. He also has made an annunciator or appointment clock which phonographically reminds of the appointment at the proper time. A refrigerating machine in which the refrigerating medium circulates as a liquid, is expanded to a gas, condensed to a liquid again, is another ingenious apparatus. His inventions are not limited in scope but seem to have responded to any demand in the way of a need. He has made a bread wrapper now in regular commercial use which handles 100 loaves an hour. He has not despised the humble clothespin, has perfected a buttonhole maker, and is credited with the first mail chute. He is said to be working at present on a wireless telegraphy improvement which will automatically record a message when it is received.

Wayne Williams, a nephew of Mrs. H. R. Goodwin was her guest last week, also her sister, Miss Karnahan. Mr. and Mrs. Goodwin and these guests spent Christmas in Los Angeles at the home of Mrs. Karnahan.

FREE PEPPER WOOD

The Sentinel has been advised by President Peters that any one who wishes to make use of the pepper wood boughs removed from street trees and now lying alongside the walks is welcome to trim off the brush and carry them away.

GOLDEN WEDDING

Mr. and Mrs. Frank A. Donecken of South Glendale avenue were host and hostess at a dinner party given Sunday evening at their home in celebration of the fiftieth anniversary of the wedding of Mr. Donecken's parents, Mr. and Mrs. A. H. Donecken of Tropic avenue who were wedded in Nebraska and who have spent about 28 years of their half century of companionship in California. A yellow color scheme was beautifully carried out in table decorations and the menu was elaborate. Besides the guests of honor, covers were laid for Mr. John Henry, Mr. and Mrs. Will Henry of Los Angeles, and the daughter of Mr. and Mrs. Donecken, Mrs. Jessie Lynn of Tropic.

LOST JEWELRY

Pleasure and disappointment were mingled in the cup of Mr. and Mrs. A. H. Donecken of Tropic avenue last Sunday. On that day they celebrated their golden wedding, but while waiting for a car at the Tropic avenue shelter, a bag containing jewelry of considerable value slipped from Mr. Donecken's pocket and was left on the station seat. He is offering a reward for its return but has no definite expectation of its restoration, though he hopes.

Boy Scouts of the San Fernando Valley had a rally and supper last Friday in Glendale.

Theo Werve, who is seventy years of age and who came to Tropic last fall suffering with rheumatism from which he has recovered is going about as a knight errant. Not long ago he assisted the Sentinel's representative to carry a typewriter, and the other day he rescued a shoe for a busy woman on San Fernando Road whose dog had carried it into a vacant lot. As he has nothing else to do, he will probably find plenty of occupation helping other people.

CARD OF THANKS

Mr. and Mrs. Walter E. Edwards, Mrs. Lucille Edwards, Austin and Loy Edwards, wish to thank through the Sentinel all friends who helped them in their hour of sorrow when they buried their beloved son and brother, Walter Duey Edwards. Especially grateful do they feel to the young men who served as pall bearers, Levery Goddard, Roger Baker, Vern Starr, Bill Dixon, Keath Davis, Leron Speer.

ORDINANCE NO. 122

AN ORDINANCE REGULATING THE KEEPING OF DOG KENNELS IN THE CITY OF TROPICO.

The Board of Trustees of the City of Tropico do ordain as follows:

SECTION 1. For the purposes of this ordinance a dog kennel is hereby defined to be a place where more than two dogs over three months of age shall be in the possession of the same person or kept on the same premises at one time, or where any dogs are bred or kept for the purpose of sale or breeding. In enumerating the number of dogs for the purpose of fixing the rate of license for keeping such dog kennel, dogs less than six months of age shall not be counted.

SECTION 2. It shall be unlawful for any person, firm or corporation to establish, keep or maintain any dog kennel in the City of Tropico unless there has first been procured and is in full force and effect a license from said City of Tropico so to do.

SECTION 3. Any person, firm or corporation desiring to obtain such license shall file a written application with the Board of Trustees therefor, stating the proposed location of such dog kennel, the name of the person by whom the same is to be kept or maintained, and the maximum number of dogs to be kept therein at any one time. The said Board or Trustees shall, within a reasonable time after the receipt of such application, investigate the same, and may, if they find that the proposed location is a suitable and proper location for the keeping of the number of dogs mentioned in the application, and that the establishment of such dog kennel as proposed will not create a nuisance or disturb the peace of persons living in the vicinity thereof, grant such application, and thereupon a license may be issued to the applicant in like manner and under the same terms and conditions as other licenses are issued in the City of Tropico.

SECTION 4. The license fee for keeping or maintaining a dog kennel in the City of Tropico shall be the sum of \$10.00 per annum, where the total number of dogs kept therein does not exceed five, and \$20.00 per annum where the total number of dogs to be kept therein exceeds five, but does not exceed ten; and \$30.00 per annum where the total number of dogs to be kept therein exceeds ten. The said annual license fees shall be for the calendar year ending December 31st, and shall be due and payable on the first day of January of each year; provided that the licenses for the year 1917, at the rate above mentioned, shall be due and payable immediately on the taking effect of this ordinance, and provided further that when licenses are issued after the beginning of a calendar year the same may be pro-rated in the manner provided in Ordinance No. 112 of the City of Tropico. Said license fee

when paid shall be in lieu of all other taxes and licenses on the dogs kept in said dog kennel, not exceeding the number for which said license is paid, provided, however, that said dogs shall not be allowed to run loose or at large but shall at all times be kept within said kennel or under the immediate control of some person by means of a leash, strap or chain; and for any dog allowed to run loose or at large, and for each dog kept in any dog kennel in excess of the number for which a kennel license is paid, the regular dog license shall be paid regardless of the payment of any kennel license by the owner or possessor of said dog.

SECTION 5. The license issued for the keeping of any dog kennel may be revoked by the Board of Trustees, after notice to the holder thereof and a hearing, at any time when it appears to said Board of Trustees that such dog kennel is being kept in an unsanitary manner, or that by reason of the number of dogs kept therein or the proximity thereof to the residences of other persons, the same constitutes a nuisance or disturbs the peace of other dwellers in the neighborhood thereof.

SECTION 6. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than \$50.00 or by imprisonment in the County Jail of the County of Los Angeles for not more than twenty-five days, or by both such fine and imprisonment. A separate offense shall be considered to exist hereunder for each day that any violation of this ordinance continues.

SECTION 7. The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Tropico Interurban-Sentinel, a weekly newspaper published and circulated in said City.

Passed by the Board of Trustees of the City of Tropico and approved at their regular meeting held on the 26th day of December, 1916.

FRANK E. PETERS,

President of the Board of Trustees. I hereby certify that the foregoing Ordinance was introduced before the Board of Trustees of the City of Tropico at their regular meeting held on the 19th day of December, 1916, and was duly passed by said Board at their regular meeting held on the 26th day of December, 1916, by the following vote, to-wit:

AYES: Trustees Alspach, Henry, Seal and Peters.

NOES: Trustee Veselich.

ABSENT: None.

WITNESS my hand and the seal of said City, this 26th day of December, 1916.

(Seal) MARGARET R. COLEMAN,
City Clerk of the City of Tropico.

Wise Precaution.

Mrs. Jones was about to go away for a couple of weeks, and her husband said to her:

"My dear, I want to ask you one favor before you go."

"What is it?" questioned Mrs. Jones.

"Don't try to put the house in order before you go," replied Jones.

"Why, it isn't hard work," continued Mrs. Jones.

"Perhaps not," replied Jones, "but think of the expense of telegraphing to you every time I want to find anything."—New York Times.

Electricity.

No one knows what electricity is. We know some of the things that it will do. We have to a certain extent learned how to control it and for want of a better name call it a fluid. We have discovered, too, that it is one of the most important forces, if not the most important force, of which we have any knowledge. We are almost as ignorant of many other great forces of nature—as, for example, the attraction of gravitation. For the present we must be content to observe such forces in action and to devise the best methods to control them. In this knowledge mankind has progressed wonderfully within a few years.—St. Nicholas.

TIME.

Part with no moment but in purchase of its worth. And what is its worth? Ask deathbeds; they can tell.—Young.
